BABSON DISCUSSES PHONE INDUSTRY

(Exclusive NEWS Feature)

Most readers of my column look at times for something in which to invest. It never occurs to them that there may be good local investments under their own noses. They want to invest in some big company and send their money to Wall Street.

YOUR MONEY WORKS 24 HOURS EVERY DAY

With the exception of your local bank and certain chain stores, the telephone company which operates in your territory is probably your best investment, considering safety, income, and possibility for growth. The purpose of this column today is to praise the entire telephone industry, which is one of the fastest growing of all industries.

If you live in Bell territory, then purchase stock of your local Bell company or of the big American Telephone and Telegraph Company. This latter supplies the entire nation — Bell and Independents — with "long-distance" service. If you do not live in Bell territory, then consider the stock of your Independent telephone system, provided it is one of the 373 which report annually to the U. S. Independent Telephone Association at Munsey Building, Washington, D. C.

ONE FOR EVERY SIX

With the exception of the big General Telephone Company, which is the largest "Independent," most of these 373 Independents are locally owned.

Arlington To Get \$29,000 Under Chapter 90 Law

Governor Christian A. Herter and Public Works Commissioner John A. Volpe recently disclosed the 1955 Chapter 90 allocations for Massachusetts cities and towns. Under the 1955 Chapter 90 program, a total of \$5,355,285 will be spent for improvement of approximately 600 projects throughout the Commonwealth.

Middlesex County will receive \$971,400. The sum of \$29,000 has been allotted for work in Arlington. The principal streets or highways to be improved under this grant are: Forest street, Paul Revere road and Mystic street, R2A, 3, 60.

Under the Chapter 90 cooperative policy, 50 percent of the funds for highway improvement is appropriated by the Commonwealth, with the County and city or town each contributing 25 percent, except in cases where an "unbalanced allotment" is often authorized to correct especially hazardous road conditions more quickly than an annual piecemeal improvement will permit.

The announcement is the result of Commissioner Volpe personally conferring with local officials during a series of conferences at county level in the months of August, September and October 1954. Following these conferences, Volpe transmitted to Governor Herter a report stressing the urgent need for even wider State Aid to cities and towns to correct Massachusetts highway deficiencies.

New Schools, Additions, On Record Breaking Warrant

Ninety-six articles, including twenty-five from the Personnel Board and ten from the School Committee, will be acted on at the Annual Town Meeting come March. The number of articles, a record-breaking figure represents some 11 articles more than were acted on in 1950 when votes were counted on 81 articles.

Among the articles to be voted on by Town Meeting members is one from the personnel board requesting a blanket raise for Town Employees up to Grade 17 of \$104 per year.

The school committee has inserted articles asking for a school on a site on North Union street; a school at Florence avenue; appropriation for procuring plans and estimates for construction of additions to both Junior High East and Junior High West; appropriations for the purpose of construction of a roadway and parking area on high school owned land on Mass. avenue; appropriation for new oil burning boiler and incinerator at Crosby school; added appropriation for Crosby school in addition to that voted in article 8 at special Town Meeting; appropriation for conversion to oil burning boilers at Parmenter school; acquisition of land to supplement present property at Parmenter school; and a similar acquisition at Junior High East.

Another article asks for consideration of changes or amendments in the Town Manager Act, while still another asks for the formation of a committee to study the Town by-laws especially where they conflict with the Town Manager Act.

Ten registered voters of the Town have inserted an article asking for zoning changes as follows: on Gardner street from residence B to industrial; on Mass. avenue, from residence B to residence C (parking for apartments); Norcross road, Heath road section, from residence B to residence C (parking for apartments); and in back of Mirak's Garage, residence B to business.

Continuing, an article has been inserted asking for acquisition of land from MDC at the Lake street, Concord Turnpike junction.

The housing authority has inserted an article requesting permission to erect a housing project. Ten registered citizens have asked

that a vote be taken prohibiting the use of hydroplanes on Spy Pond.

An appropriation will be asked to cover architects fees and furnishings for the Town Hall addition.

Another article inserted includes a request for raising the grade of firemen and patrolmen from 12 to 15.

Ten registered voters have requested sidewalk repairs near Robbins Playground on East street.

Town Meeting members will also vote on an article asking for the widening and rounding off of corners on Russell street, north on Mystic and Russell street, westerly on Water street.

Selectmen have inserted an article asking the Town to take land on Railroad avenue for \$300.

An article will appear asking for transfer on tax title land off Lancaster road (eight lots) to be used by Park Department as a "Tots' Area."

Other articles to appear will include one for turning over of land on Summer street to Symmes Hospital; construction of an overpass on Reservoir road over the railroad tracks; construction of a garage for cemetery department to replace the one destroyed by the hurricanes; improvement of Peirce school playground; appropriation for furnishings at Parmenter school; appointment of the Brotherhood Committee as a Town or organization; and the appropriation of \$1500 to make an engineering study at the reservoir.

PTA Discusses School Additions

Members of the PTA of the Junior High West discussed the needs of the school at a meeting held last Monday night. After discussion a committee was formed to investigate the matter; Charles Blackman was named chairman.

Pictures of the school were shown by Mrs. Ray Miller.

Nelson Bragg spoke in favor of an addition to the school, and Donald Johnston presented facts and figures showing how the addition to both East and West Junior High Schools would have the town money over a period of time.

League Of Women Voters To Make "Bill of Rights" Come Alive

Making our traditional "Bill of Rights" come alive will be the purpose of an announced open meeting of the Arlington League of Women Voters January 31, according to the chairman, Mrs. Edward F. Walker, 147 Mass. avenue. She has headed a committee which has been studying the relationship between our individual liberties and the public interest. Whether or not the Junior Senator from Wisconsin is right or wrong in his efforts to detect Communists within the governmental organization may be mentioned, but more importantly, it is felt, the average citizen will have an opportunity to consider dispassionately his responsibilities as well as his rights under our Constitution at this time.

TOWN HALL Press Conference

Representative James Doncaster has sent a letter to the Town stating that he will introduce a bill in the legislature concerning work at the "Mystic Locks" which will help alleviate the drainage situation in that area.

The campaign against indecent literature is reportedly progressing very well with many storekeepers rejecting publications without being asked.

Fireman William P. Moynihan has requested retirement.

Two Town Meeting members, Lawrence Toomey, 395 Appleton street, precinct 12, and Willard Wallace, 112 Wildwood street, precinct 8 have resigned.

Pauline Miller, Jason street, was bitten by a dog while she was taking the census last Saturday.

The Town is being assessed for \$51,235.96 by the Middlesex County Hospital and \$18,813.37 by the Symmes Hospital.

Police Sgt. Thomas Pigott will receive a disability retirement as of January 23.

As the result of a recent request a study will be made concerning the possibility of separating skaters from hockey players on ice covered surfaces in the town.

The Town Manager has set aside a total of \$178,251 in his budget, net amount in tax levy, to cover so-called special articles.

The Selectmen have received an invitation to sponsor a float in the Evacuation Day-St. Patrick's Day Parade in South Boston, March 17. The invitation was declined.

The finance committee has transferred a sum of \$10,907.66 to cover miscellaneous expenses. The transfer leaves only about \$400 in the fund that had \$75,000 available at the beginning of last year to cover miscellaneous expenses.

A large portion of the \$75,000 was used to cover expenses resulting from the hurricanes and various school emergencies.

"Youth Sunday" At Universalist Church

How the mother of a boy who gave his life in Korea was primarily responsible for the song, "I Believe," was the story which began the sermon delivered at the Universalist Church last Sunday by the Pastor, the Rev. George J. W. Pennington. The minister related how all the great religions of the world for untold centuries have utilized music as a medium of human expression, a means of fulfilling man's spiritual needs. "The greatest shortcoming in reference to music in today's world," said Rev. Mr. Pennington, "is committed by folks on two opposite extremes, those who so successfully have introduced elements of shoddiness into the current folktones of Americana, and those who so successfully have deigned to hold the music of concert halls and churches aloof from the daily realities and in snobbery have created in fact a chasm between music and the modern scene."

This Sunday will be observed as Youth Sunday, members of the Universalist Youth Fellowship presenting the service and delivering the sermon, under the direction of Mr. James B. Fisher, Minister to Youth.

SENSE FOR THE CENSUS

We are happy to report that the census in the Town is progressing very smoothly, generally. Even though callbacks have been tremendous because of the number of residents taking advantage of the unusually fine January weather, progress is still good.

However, sad to relate, there is one very disappointing factor that has been brought to light — a "very few" residents are failing to give information to the census takers or are giving out stories that they had previously given information to another "taker" or had called in the facts to the Town Hall.

Since it is required by law that "a complete" census be taken, it has been necessary for those in charge of the census to take action. That action was to be taken yesterday, when second visits were made to those who did not give information to the census takers previously. This time, however, the "takers" were accompanied by police officers who were to take over if trouble came.

Failure to be listed by the census taker could have extremely serious consequences for those affected, such as loss of voting right, inability to obtain an official record or legal residence to establish eligibility for veteran's benefits, old age assistance, social security, employment in Federal or State Civil Service, and for many other purposes for which such a record may be required.

Why the "few" refuse to be interviewed by the census taker, and why they give up all the advantages that go with having their name on the census list and take a chance of being fined up to \$500 or going to jail for up to a year, we cannot understand, but it is certainly too bad that there are always a few that spoil the fine work and cooperation of the many.

RED CROSS WARNING

It's the practical thing to do in mid-winter — button up your overcoat when the winds whistle through the streets.

As for skating at the town pond or flooded field, the Red Cross says it's the practical thing to be sure you're not skating on thin ice.

If it's your sorry lot to fall in, here's some practical advice:

1. Kick to the surface, hold your arms extended and work toward strong ice to avoid submersion through the breaking ice.

2. You can avoid going through

by lying prone on thin ice if you all. Then slide for safety.

3. If you're skating with a group, it would be wise to have some safety equipment handy. Such as — a ring buoy or a line weighted down by a hockey stick which can be thrown to a water victim. A light 14 to 18-foot ladder with a line tied to the last rung of the ladder has been found helpful.

Beware of young ice, and watch out for thin ice over springs.

It's better to be careful than being a casualty.

Engaged

Mr. and Mrs. Raymond Sprinkle, West Harwich, Cape Cod, announce the engagement of their daughter, Beryl, to Mr. Harold C. Wells, Jr., son of Mr. and Mrs. Harold Wells, Hawthorne Avenue, Arlington Heights.

Miss Sprinkle was graduated from Harwich high school and Chamberlain school of Retailing, Boston.

Her fiancé was graduated from Arlington high school and will receive his B. S. degree from MIT in June.

No wedding date has been set.

Local Minister

To Show Slides

Rev. Frank Morse, minister under appointment by the Association of Baptists for World Evangelism will be the guest speaker at the 7 p.m. service, Sunday, January 23, at the Arlington Heights Baptist Church.

Rev. Morse will show slides depicting the work in Palawan, Philippine Islands.

The speaker is the son of Mr. and Mrs. Percy Morse, 130 Park Avenue, Arlington.

(Continued From Page One)

wed — 165 have annual gross earnings of over \$250,000; while 101 of these have gross of less than \$100,000; but nearly all of them show constant growth. Moreover, each has a monopoly which very few businesses have. The total exchanges number 4,684, with over 9,000,000 telephones, and 100,000 employees.

Let me add that there are 4,850 other little telephone companies in addition to the 373 which I recommend above, plus 60,000 mutually-owned farmer's lines. Altogether the Independents have over \$1,500 million invested, with total annual gross of about \$500 million, or 19 percent of what the Bell System has. But of every six telephones being used in the U. S., one telephone is an "Independent". This insures complete co-operation from the Bell System with the use of all its connecting lines and facilities. Yes, the Independents have "one in every six telephones" covering two-thirds the area of the U. S.

INDEPENDENTS HAVE BEEN "FIRSTS"

I am especially interested in all "Independents," believing that the future of America depends upon encouraging the Independents in every line of business. Too many big companies will lead us to Socialism. Investors are "cutting their own throats" by buying only the "blue-chip" stocks, or the 30 Dow-Jones Industrials. We should give more encouragement to smaller companies — first, for the good of the nation, and secondly, because most new improvements come through the smaller companies.

The first automatic telephone system was installed by a La Porte, Indiana, "Independent." The first dial system was introduced by an "Independent." The first hand-set telephone and selective ringing was introduced by the "Independent." Bigness encourages smugness and bureaucracy. Had it not been for the fighting "Independents" in every line of business, we would not have the many conveniences which we have today. Yet, and prices for everything would be higher and wages lower.

The incandescent lamp, the automobile, fountain pens, hearing aids, vacuum cleaners, Kodak cameras, radios, flashlights, paper towels, electric heating pads, refrigerators, irons, toasters, etc., zippers, frozen foods, powdered coffee, long-playing records, colored movies, penicillin, and many other household blessings were invented and first marketed by small independent companies. Then the big companies came along to swallow up the markets.

Furthermore, so long as the advertising rates by magazines, radio, and T. V. are the same for a small pioneering company as for a great big company, so long will the "Independent" be unfairly handicapped, both in selling and in raising capital. One final thought: Although the big Bell companies operate in most of the big cities, yet the Independents serve nearly twice as many communities! I am putting my money in "Independents."

Belmont Bombs Arlington, 4-0 Despite Bower's Goal Tending

Arlington high school's hockey team went down to its second consecutive shutout defeat at the hands of high scoring Belmont, 4-0, last Friday night at the Boston Arena.

The victory, coupled with a Melrose victory and a Medford defeat, dropped Arlington into a third place tie with Medford, each with a 3-2 record. Belmont still holds sway at the top of the GBI with an undefeated 5-0 mark. Melrose, which did not pick up a victory until its third try, now has jumped into second place with a 3-1-1 mark.

Bruce Bower with a sparkling performance in the nets kept the score down to its 4-0 level as the locals, scorers of 11 goals in its first 3 contests were held scoreless for the second time this season.

Belmont came up with its first marker late in the first period when Ted Crowley nudged a George Ross pass by Bower at 8:27.

Arlington stemmed the tide until 8:40 of the second period when Bill Collins scored unassisted.

Arlington Council Of Churches Holds Seventh Annual Meeting

The Seventh Annual Meeting of the Arlington Council of Churches was held in the vestry of the Universalist Church Friday evening, January 7, with president, J. Milton Washburn, Jr. presiding. After scripture reading and invocation by the Minister-at-large, Rev. Milton Schadegg, Mr. Washburn called for reports from committees.

Gayle W. Forbush announced a successful church census of the town, and the Social Action Committee announced certain plans for eliminating possible sources of juvenile delinquency.

The Treasurer, Robert E. Wasson, presented a full report of the financial activities for the year, and answered many questions from the floor. Rev. Halsey I. Andrews reported a most successful United Church Canvass in November.

A new plan for financing the activities of the Council was discussed and accepted in principle. During the discussion Mr. Washburn pointed out the fact that every church in the Council was represented at the meeting.

A report for the United Church Women was read by Mrs. Virginia Anderson, secretary of the Council, in the absence of chairman Mrs. Earl E. Bolton. Miss Margaret Stoddard, chairman of the Religious Education and Youth committee, reported that several interesting meetings have been held, and that more attention and support is to be given Youth activities, with the joint advisory counsel of Rev. Newell Booth and Miss Stoddard.

Several of the member churches have already distributed envelopes for contributions for "Testaments For the World" as requested by Mrs. Bonna Morine, chairman. Others plan to do so, and this visionary project will continue from year to year.

There was some discussion about the formation of a United Church Men group, comparable to the United Church Women. It was the consensus of the meeting that the formation of this group might be expedited by an informal discussion.
